

Trails Challenge

Hidden on seven of our DCC Preserve Trails are unique tree-cookies decorated with Maine's native species. **Join us for the challenge of finding them all to solve a special word puzzle!**

How to Play - It's Simple!

1. Get out and go! The items are hidden near the trail, look high and low, but **please do not remove or relocate the item.**
2. After finding the hidden item, **flip it over**, and **write down the unique code symbol/letter on the back** in the word scramble below and be sure to **note the corresponding color!**
3. Take a picture of yourself, pet, or fellow adventurers in front of the item! Share this with us on Instagram or Facebook by tagging Downeast Coastal Conservancy or **#dcctrailschallenge**.
4. After finding all seven and solving the word puzzle email your results to info@downeastcoastalconservancy.org or drop off your card at the DCC office in Machias to be entered to win a prize!
